

PHP developer (NL, Utrecht)

STICKY STUDIOS is a leading development studio dedicated to delivering immersive, top-quality mobile, VR and AR experiences. Our entertainment-, branded- and applied games are deployed cross-platform and cross-channel. The past 11 years Sticky Studios produced more than 65 games with over 250mm cumulative app downloads.

We are looking for a PHP developer who is dedicated to his craft and writes beautiful, fast PHP to a high standard, in a timely and scalable way that improves the code-base of our products in meaningful ways. You will be a part of a creative team that is responsible for all aspects of the ongoing software development from the initial specification, through to developing, testing and launching.

Responsibilities

- develop server backend frameworks for our game services;
- develop and deploy new tools to improve workflow when necessary;
- collaborate with engineers, designers and producers to ensure consistent product vision;
- troubleshoot, test and maintain the core product software and databases to ensure strong optimization and functionality;
- write clean, well designed code;
- document technical specifications;

Technical knowledge

- excellent knowledge of PHP 5.5+, MVC and OOP;
- experienced in MySQL (experience with NoSQL is a plus);
- technical knowledge and comprehension of web protocols;
- experience with high traffic backend systems;
- knowledge of Apache and Nginx;
- knowledge of frameworks such as Laravel;
- knowledge of caching solutions like Memcached or Redis;
- experience with versioning systems like Git, SVN and Mercurial;
- experienced in HTML and CSS (knowledge of jQuery and Bootstrap is a plus);

Required Skills

- ability to meet team deadlines;
- must be able to work in a collaborative and agile development environment;
- excellent communication skills in written and spoken English;
- good in prioritizing tasks and daily activities;
- excellent team work capabilities, but also be able to work independently;
- able to translate a task to a working product

What's in it for you?

You will be working in an awesome, hard working, young group of people with unique skills. We offer a competitive salary, room for personal growth and awesome team activities!
