

# Audio Designer (internship)

*STICKY STUDIOS is a leading development studio dedicated to delivering immersive, top-quality mobile, VR and AR experiences. Our entertainment-, branded- and applied games are deployed cross-platform and cross-channel. The past 11 years Sticky Studios produced more than 65 games with over 250mm cumulative app downloads.*

Do the words 'video games' and 'entertainment' get you excited, then this may be the perfect internship for you! We are looking for a motivated intern to join our energetic, fast-paced team to help us create the most amazing games.

## **Job Description:**

Our game development team is looking for an Audio Design intern. The ideal applicant has a strong understanding of the game development process, mad audio design skills, is driven and can work well with our team of artists, designers and programmers. Our intern must be able to recognize the shared vision and see it through from concept to completion. Our Audio Intern will assist with recording, editing, design, organization and implementation for multiple categories of game sound.

## **Competencies:**

- audio student;
- understanding and working knowledge of an industry-standard DAW;
- familiarity with modern audio processing and standards;
- a highly collaborative work style;
- you can show us sample(s) of previous audio work;
- great communication skills, self-motivation, and a team player;
- high thrive to improve skills and boosting creativity;
- good understanding of how to apply and design UI audio

## **Plus:**

- experience with game audio middleware;
- passion for gaming and familiarity with our portfolio;
- studio or field recording experience;
- good organizational and time management skills

## **What's in it for you?**

You will be working in an awesome, hard working young group of people with unique skills. We offer a great learning experience, room for personal growth, and an internship in our awesome team.
